## Mrs. Armstrong Is Named Councilman

Pahokee voters chose their first woman member of the council in the election Tuesday when they named Mrs. Blanche Armstrong over several other candidates in a write-in race.

In Group 2, where all candidates were of the write-in category, Mrs. Blanche Armstrong was winner over the field, garnering 169 votes compared to only 107 for her closest competitor, Gil Galbaldon. She will be the city's first woman councilman. Others receiving write-in votes in Group 2 were Tucker, 16; F. S. "Dick" Parrish, incumbent who refused to seek reelection, 15; Mrs. Gertrude Williams, 8; Red Godwin, 2; Hardaway, 1; and A. Funderburk, Jr.

In Group one George Tucker, Jr., forced R. D. Hardaway into a run-off next Tuesday. Tucker received 113, Hardaway 130, Mrs. Gertrude Williams 72.

Although only 378 of the city's 1,264 registered voters bothered to cast ballots, election officials required three hours to count the ballots because of the write-ins.

## Pioneer Memorial Park In Pahokee Dedicated Sunday, May 1, 1955

The above group participated in dedicatory ceremonies at Pioneer Memorial Park in Pahokee on Sunday. Shown left to right: Pahokee Council President F. S. (Dick) Parrish, Hibiscus Circle Chairman Mrs. C. M. Todd, Pahokee Mayor Lewis Friend, Master of Ceremonies Mrs. Don Hillier and County Commissioner Vice Chairman Paul Rardin.

More than 500 persons attended the dedication of the new Pioneer Memorial Park in Pahokee Sunday afternoon. The park site on Bacom Point Road, used as burial grounds by the early pioneers of the East Beach area, has been transformed in the past three years from a wild and tangled mass of weeds and underbrush into a neatly landscaped public park through the efforts of the Hibiscus Garden Circle which was in charge of the dedication.

Many of the pioneers who had moved away from the community returned for the dedication. Among these was the Rev. Leonard Mowery, who was pastor of the Primitive Baptist Church located on the park site in the early days. He brought along his wife and five married children and their families for a family reunion at the dedication. One of his children is buried in the park grounds. Also present was Mrs. W. R. Owens, Tampa, who has two children buried in the grounds and Mr. and Mrs. Charles Zimmerman of Lake Worth. Mr. Zimmerman's mother is buried there.

The new park was trim and beautiful for the dedication. In a prominent place at the front is the red stone marker bearing the bronze plaque on which the names of the deceased resting in the park are inscribed. Around the marker and flanking it on both sides are new plantings of ornamental tropical shrubbery. Three tall native palms stand as silent sentinels behind the marker and in the background at the center of the park is a cluster of magnificent native cypress and rubber trees, patriarchs of the primeval days when Pahokee truly lived up to the Indian meaning of its name, "Grassy Waters."

Among the new park equipment was a bird bath presented by Mrs. H. M. McIntosh and Miss Julia Mathis in memory of their mother, the late Mrs. C. R. Mathis, and a

new concrete Bench presented by Mrs. Lloyd Hundley, honoring her parents, the late Al Friend and Mrs. Friend.

Mrs. C. M. Todd, chairman of the Hibiscus Garden Circle, gave the dedicatory address. Brief talks were also given by County Commissioner Paul Rardin, Mayor Lewis Friend and F. S. (Dick) Parrish, president of the City Council. The Pahokee High School Band under the direction of Robert O. Lampi played selections at intervals during the afternoon.

Expressions of gratitude were given by the Hibiscus Circle, sponsor of the park, to County Commissioner Paul Rardin and his workers and to the City's employees, especially Marvin Cowart, streets superintendent, and Mrs. Ruth Meredith, parks supervisor, for their assistance in the development of the park.

Mrs. Don Hillier, president of the Pahokee-Canal Point Garden Club, was master of ceremonies at the dedication. Committees appointed by the Hibiscus Circle to make arrangements for the dedication were: Dedication program and park committee chairman, Mrs. John T.

### Cinematic Chatter

By Malcolm Millar

Hello everybody! One of the most successful stars in Hollywood is Fernando Lamas. Also one of the most fantastic stories of discovery is that of the same actor. "I was doing well in South America and was very happy," said tall, husky Argentinian, Lamas. "Then John Carroll came to South America for a picture. . . he speaks excellent Spanish . . . and he said I ought to go to Hollywood. I took this as just nice polite talk nothing more. Then John said his wife was a talent scout for a major studio and that he'd send for her. She came to South America, too, but I didn't believe she was really a talent scout. No studio would have a woman for such a job, I was sure. Mrs. Carroll did not speak Spanish but she did well in Italian, which I also spoke, so we talked in that language about how I might do in English. I realized she was all that John said when she took me to the studio office in Buenos Aires and they offered to pay my way back from Hollywood for a test. Because I knew no English and was sure I'd be a flop, I said that if they signed me I would have to have so much—and I named a figure they'd be sure to turn down. But they didn't. Moreover, after that test, there was the contract. Well, I knew this was the chance of a lifetime so when they put me into the hands of a language coach I really went to work. She spoke no Spanish but she did speak French, which I also speak, and we got along. I knew by now that if I didn't learn to speak good English they'd drop me. A tape recorder helped a lot. I'd play it over and over. I refused to speak Spanish to anyone. Some of my Latin friends even thought for awhile I'd turned my back on my own language. Later they learned different and everything turned out okay. I am happier in America than I ever was in Argentina." See you at the movies—Mal.

### Col Davis Injured In Automobile Wreck

Colquitt S. Davis, well-known Pahokee produce buyer associated with the brokerage firm of Beverly, Inc., received severe lacerations of the face and side of the head and possible internal chest injuries in a car accident seven miles south of Pahokee on SR 15 at 5:30 a. m. Saturday.

Davis, driving alone from Belle Glade to Pahokee, hit the right concrete abutment of the East Shore Canal bridge with such force that the motor was torn loose from the chassis and thrown 69 feet from the car, which was completely demolished, according to Trooper Joseph Bertrand. Davis was taken to the Everglades Memorial Hospital, Pahokee.

Primarily this was a workshop to teach theatremen the best methods of advertising their product to the public and thus attract more moviegoers to the theatre.

It was felt, by Jerry Gold, that much was gained at this meeting and all members of the organization loudly praised this new "idea" in giving better ideas to showmen so they will be better prepared to keep their public advised as to what is glowing and when and methods of furnishing greater comfort to their patrons.

## A MESSAGE TO THE CITIZENS IN THE BELLE GLADE - PAHOKEE AREA

The infamous destruction of telephone service during the early morning hours of April 25, 1955 will long be a regrettable memory for the people of Belle Glade and Pahokee.

We the telephone men and women who are devoted to public service regret that anyone could under the cover of night deliberately set fire to the telephone building to destroy a service so necessary and vital to this community.

Your cooperation and patience during the time necessary to restore service is deeply appreciated.

### Red Finds a "Sweet Solution"

Red Jackson found a slick way to get his cows to eat what's good for them. Seems they were passing up the tall green grass—full of minerals and vitamins—and eating the short grass, which is naturally sweeter.

Red solved the problem by spraying a solution of corn syrup over the grass that was going begging. The cows sure went at it. Red says it's lucky for him—and the cows—that every one of them has a "sweet tooth."

Next week, according to Red, he's going to have his cows clean

up all the weedy grass along his fences—after he sprays them with more corn syrup, of course.

From where I sit, some folks, like Red, are always trying out new tricks—and others stick with the old tried and true methods. Just a question of preference, I guess. Like the way you may enjoy coffee with meals, while I prefer a cold glass of beer. So let's not allow any bad feelings to "crop up" by thinking ours is the only choice.

an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$12.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as found today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

## Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 cash. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

### Christian Science Group Of Canal Point

The fact that man's real nature in God's likeness is unfallen, upright, and free will be brought out at Christian Science services this Sunday.

Readings from the King James Version of the Bible and correlative passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will comprise the Lesson-Sermon entitled "Adam and Fallen Man."

Among the passages to be read from Science and Health is the following: "The divine nature was best expressed in Christ Jesus, who threw upon mortals the truer reflection of God and lifted their lives higher than their poor thought-models would allow, — thoughts which presented man as fallen, sick, sinning, and dying" (259:6-1-The).

The Golden Text is from I Corinthians (15:22): "As in Adam all die, even so in Christ shall all be made alive."

a castle in the air costs nothing  
—but you can't live in it!

**Make your dream house come true! It's easy  
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity.

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

*If you want your interest as current income, ask your bank about Series H Bonds, which pay interest semi-annually by Treasury check.*

## Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stopwatches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR\* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chev-

rolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at

extra cost) puts 180 h.p. under your toe!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to everyone else on the road!

\*National Association for Stock Car Auto Racing.

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!
